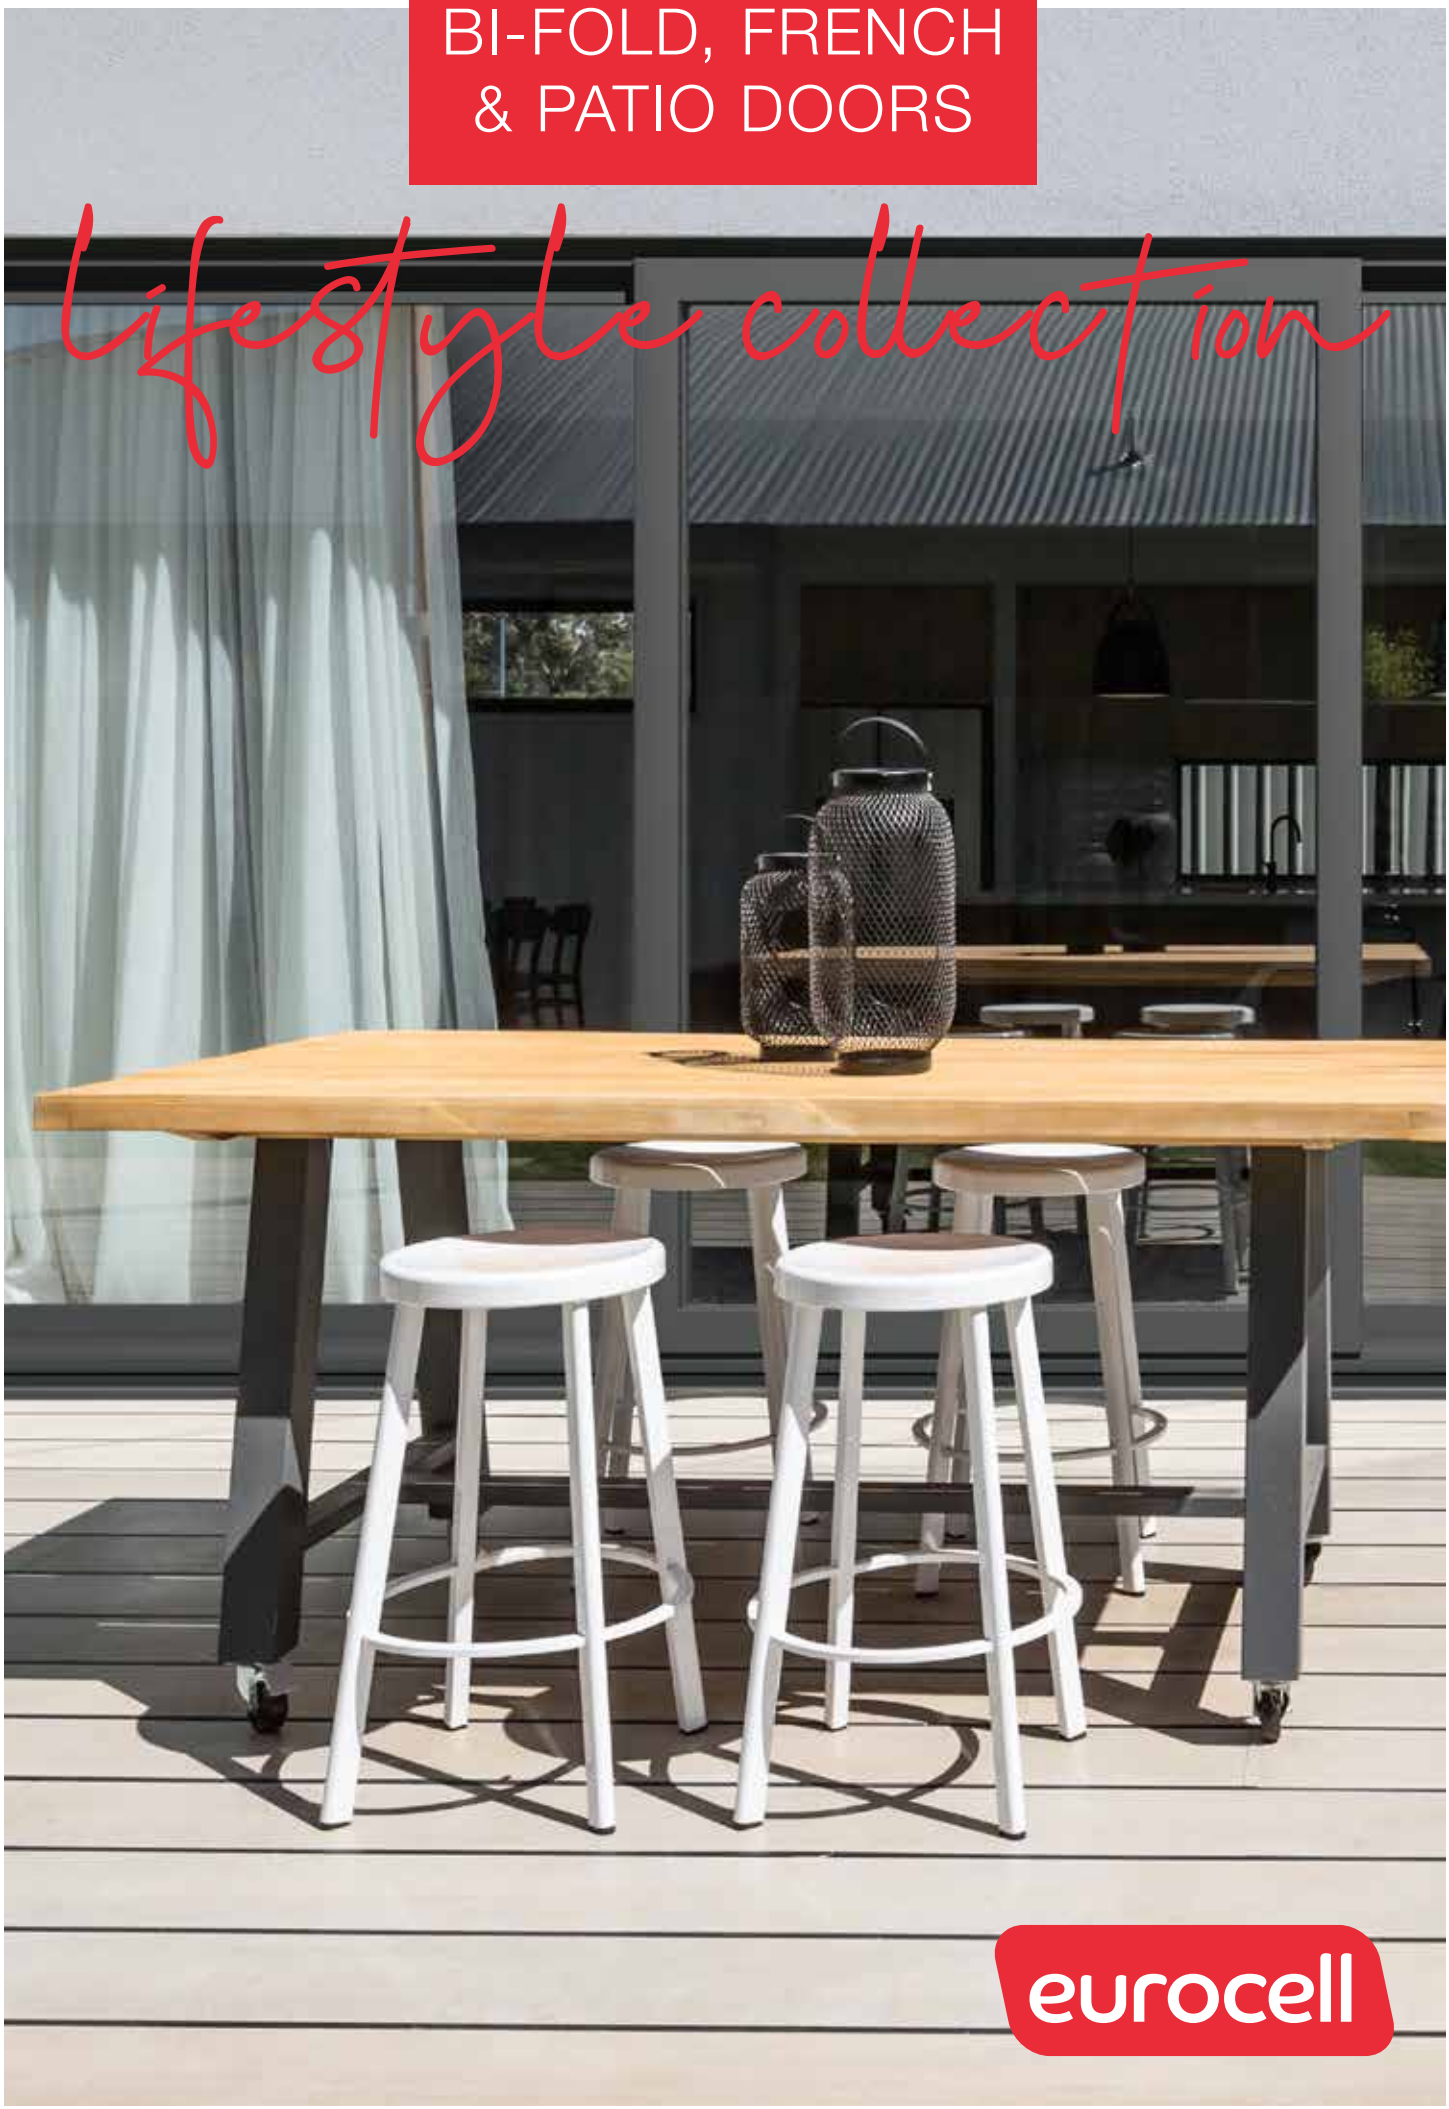
BI-FOLD, FRENCH & PATIO DOORS

lifestyle collection



eurocell

Welcome to the Lifestyle Collection

Let's bring the outside in...

Because your home makes a personal statement about you, we know that you want it to look its best. The Lifestyle collection of bi-fold, French and patio doors will transform, modernise and add value to your home, whilst you see the benefits of a lighter, brighter environment and enjoy the feeling of more space.

A versatile choice of styles and colours mean your doors will complement the existing design of your home, providing a smooth transition between indoors and outdoors. Whether you want maximum opening width, traditional French elegance or smooth, simple lines, nothing makes a better impression than a beautifully crafted, lifestyle door.

THE SUSTAINABLE CHOICE

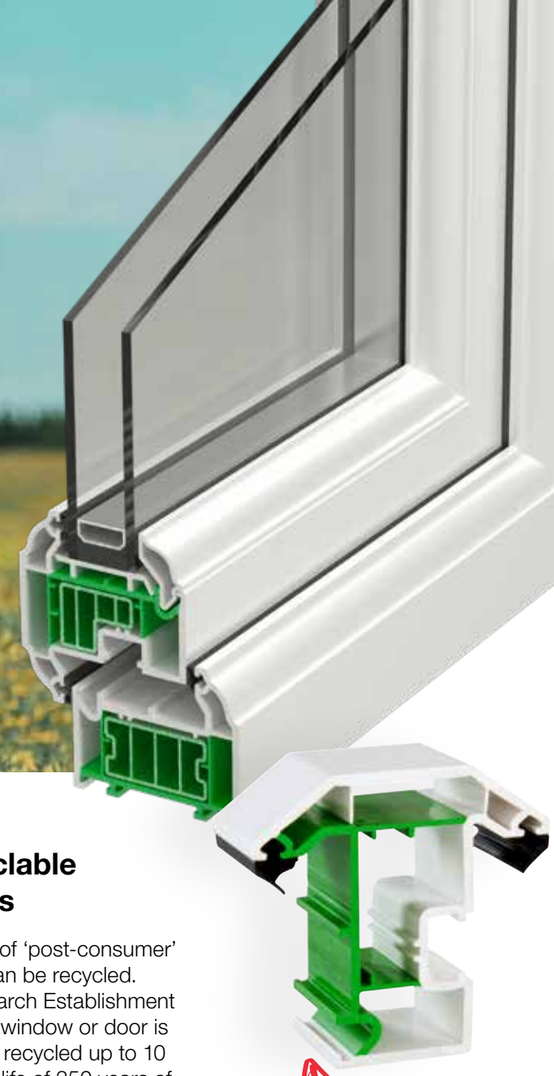
The Sustainable Choice

made & recycled in the UK

For many years, UPVC windows and doors have been recognised as the durable, low maintenance and energy efficient option. Now, thanks to recent advances in recycling, UPVC windows and doors are the first choice material for sustainability too. It means that choosing to buy your UPVC windows and doors from us is good for your home, your pocket and the environment.

‘A’ rated for sustainability

Eurocell, which manufactures all of the UPVC components used in our windows and doors, is at the forefront of sustainable developments in the UPVC industry. The company recycles over 3 million waste window frames per year which would otherwise go to landfill. The material is used to manufacture brand new windows, for closed-loop material sustainability.



Reuseable and recyclable for hundreds of years

Research has shown that 95% of ‘post-consumer’ or end-of-life UPVC windows can be recycled. According to the Building Research Establishment (BRE), the life cycle for a UPVC window or door is up to 35 years and they can be recycled up to 10 times. This means UPVC has a life of 350 years of re-use with minimal impact on the environment.

Environmentally responsible component supplier

Our windows represent a genuine sustainable option. Not only because they help reduce CO_2 emissions, but also because UPVC is a fully recyclable material. Each year, tens of thousands of tonnes of UPVC are recycled, minimising impact on landfill waste sites.

Sustainability awards won by our UPVC profiles partner Eurocell

A secure choice

maximise your garden and outdoor space

Your lifestyle doors are the gateway to your garden and the perfect addition to your home. They reflect your taste and create that all-important first impression. It's important that the doors complement the style of your property as well as being functional and secure, durable enough to withstand regular use and secure enough to protect your property against intruders. Our lifestyle doors, constructed from the same robust UPVC components as our windows, are the perfect way to maximise your garden and outdoor space, combining aesthetic appeal with practicality and low maintenance.

Low maintenance long-life solutions

Our lifestyle doors are designed for long-life performance, even in the busiest households where they are subjected to knocks and scrapes every day. With internal webbing and thick UPVC walls, our doors are designed to withstand the rigours of everyday use without scratching or denting.

Like our windows, our doors have been independently assessed and certified by the British Board of Agrément (BBA). All of our doors also come with a ten-year guarantee against discolouration, warping and cracking. UPVC lifestyle doors require minimal maintenance, they don't need to be painted or treated.

Occasional wiping with a damp cloth is all they need to maintain a fresh, as-good-as new appearance. Furthermore, UPVC doesn't warp or crack like other materials, so you can be sure your door will maintain its original appearance and performance for years to come.

Protection against intruders

Security is a primary function of any entrance door. Our doors are fitted with the latest generation of high-security locks to keep your property secure against break-ins. Multi-point locking systems are designed to prevent forced entry and all doors are internally beaded to prevent glazing units or UPVC panels being removed from the outside.

Protection against the elements

UPVC doors offer exceptional protection against the elements. Air-tight seals keep out any drafts and effective drainage channels ensure there are no leaks. Our range of doors also offers excellent thermal efficiency, ensuring heat is retained in your home and helping to keep your energy bills down.

THE GREY REVOLUTION

for the consistent look even with the doors open

The grey revolution

get the all-grey aluminium look

What is really special, is our grey substrate option UPVC. With a grey external foil and grey substrate, the window is the same colour all the way through.

A great way to get the all-grey aluminium look that's getting more and more popular nowadays, without paying the premium price of aluminium itself.

add that extra dimension

Versatile space at its best

Whatever your preference of door style, we go to great lengths to ensure that every aspect of a lifestyle door is manufactured and presented to the highest quality. Tested to BS 6375, we know that our doors meet all the Building Regulations requirements, that's why we offer a full 10-year profiles guarantee on all our lifestyle products.

Choose a door from the Lifestyle Collection and create a stylish, value-adding feature to your home whilst you enjoy the feeling of space, light and luxury living. All products can be manufactured in alternate colours not shown in this brochure, please ask for details.

Amazingly flexible, with various fold options, you can open up an entire area during warm summer days or partially fold-back depending on the amount of fresh air and space you require. When closed, bi-fold doors offer shelter and warmth with no reduction in natural light, allowing you to stay connected to the outside from the comfort of your home.

Enjoy modern living

With a choice of designs and guaranteed high-quality performance, our bi-fold doors bring you the space, comfort and low-maintenance luxury of modern living. Discover why more and more people are choosing bi-fold doors to add that extra dimension to their homes.

Aluminium bi-fold doors

Let's more of the outdoors in

High performance & contemporary styling that lets more of the outdoors in

The fashion for bi-fold doors shows no sign of slowing down. Why would it, when it offers all that extra natural light the whole year round and the added advantage of throwing open a 'glass wall' to let the outside in during the summer months? So to give you even more of that bi-fold 'wow' factor we've introduced the Studioglide bi-fold system as an aluminium option.

Studioglide bi-fold door
in White

ALUMINIUM
BI-FOLD DOORS

Minimal sight lines

maximum performance & flexibility

Advanced design that's better all round

With so many options and configurations to choose from, Studioglide meets your needs exactly. Dual colour and multiple threshold options. Double or triple-glazing... the choice is practically limitless.

Not to mention, of course, the improved sight lines, increased door sizes and slimmer profiles that come as standard with this breakthrough bi-fold design.

All easily fabricated and quick to install with a full 10-year guarantee against warping and frame failure for your complete peace of mind.

Studioglide bi-fold doors
in Anthracite Grey

...the choice is practically limitless

The high-performance aluminium bi-fold

Studioglide isn't just a winning combination of high performance and thermal efficiency.

Quality materials and advanced design make for a smooth, reliable sliding mechanism and frames that won't expand or contract, whatever extremes the weather throws at them.

Temperatures indoors are kept comfortable too, with a thermal break in the frame that reduces heat loss and high-spec energy efficient glass to reduce energy bills even further.

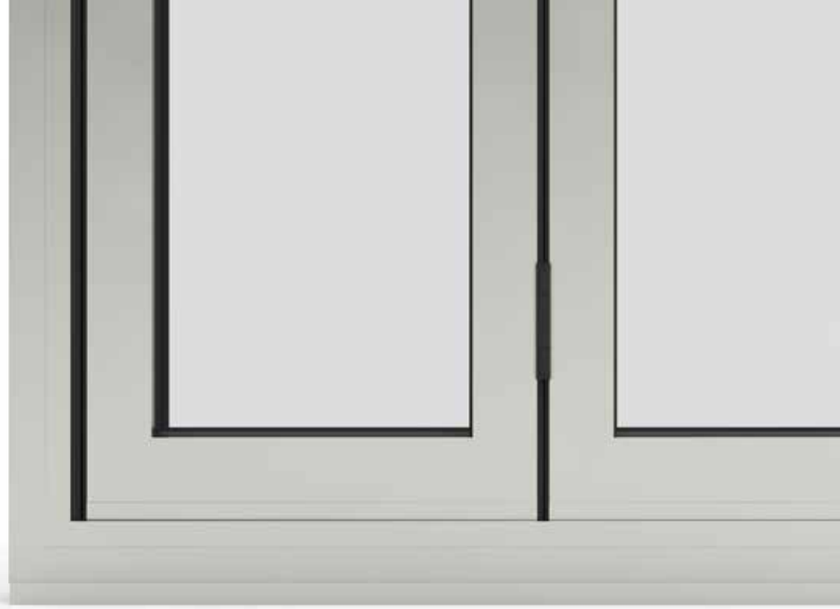
ALUMINIUM BI-FOLD DOORS

Studioglide has been developed for use in a wide range of domestic and commercial properties. Whatever you use it for, its flexibility and versatility make it the ideal choice.

Clever features like doors that can be fitted to open inward or outwards using the same profile make life easier at the planning stage and during installation.

There's a choice of 'fully weathered' or 'low level' thresholds, complete with integrated locking solutions. Even an adjustable jamb that lets you make fine adjustments to get the perfect fit.

Studioglide bi-fold door
in Anthracite Grey



Glazing that's clearly better

Studioglide is glazed from the inside for increased security, using purpose designed gaskets to get the best possible seal against the weather. Studioglide can take double or triple-glazing, with folding sashes accepting 28mm double or 44mm triple-glazed units.

The secure choice

It might be designed to let the outside in, but not much else gets past Studioglide. That's thanks to industry leading security features that give you all the peace of mind that comes with full PAS24 accreditation.

FRENCH DOORS

French Doors
in White

we have a style that's right for you

Transform and enlighten your home

Lifestyle French doors are ideal for a wide range of uses, particularly where a traditional feel is required. Beautifully suited to open up conservatories or to make a unique design statement within your home, our doors have a classic appearance with all the benefits of contemporary UPVC double-glazing.

Co-ordinated charm

When you choose from the Lifestyle range, 'sight lines' are designed to match the windows of your home. This means you can easily achieve a consistent style and still retain the individual character and appeal of your doors.

Stylish versatility

Flexible and sophisticated, Lifestyle French doors are available in a range of sizes up to 2 metres wide, providing an impressive entrance to your garden. A tasteful choice of colours allows your doors to complement your home or conservatory. Whether you are looking for classic White or elegant Cream, or if you prefer the natural appearance of Rosewood or Golden Oak, we have a style that's right for you.

Individual design

A choice of frame styles – Chamfered, Ovolo or Flush and a choice of opening options mean you can tailor the finish of your French doors to your individual taste. Inward opening allows you to make the most of your patio space or you can maximise your indoor areas with an outward opening mechanism.

FRENCH DOORS

French door

stunning French doors

Stylish versatility

For a smooth, seamless transition between outdoors and indoors, we can design your French doors with a low threshold. This enables easy access to your home particularly for prams and wheelchair users.

It also means your doors are fully compliant with Part M of the Building Regulations – so nobody will have any complaints when they cross over your threshold.

Low-maintenance living

We know how stunning your French doors will look and that you will want to keep them looking that way for years to come. In addition to a full 10-year profiles guarantee, we also fit our doors with convenient easy to clean internal rebates, so you know your door will look its best with the minimum of effort.

FLUSH FRENCH DOORS

Flush French door
in White

we have a style that's right for you

The flush option

Offering all the benefits of French doors, our flush option replicates a timber aesthetic giving a beautiful finish to any home without the need for regular maintenance. The design of our flush French door means it perfectly suits into traditional or more contemporary properties and the extensive range of colour options available allows you greater variety to reflect your personal style.

PATIO DOORS

A high performing sliding patio system

The Syncro patio door system opens up a world of possibilities. It allows you to beautifully coordinate with the latest interior and exterior designs, while keeping your home snug, secure and full of natural light. With the largest opening sizes available, triple-glazing capability, plus grey substrate and soft close options, Syncro's performance is undoubtedly way ahead of other UPVC patio doors on the market.

What's more, with more recycled content than any of our previous patio doors, it's also one of the most environmentally friendly. Take a closer look and see just how much inspiration Syncro opens up.

Wider new possibilities

With a market-leading maximum width of 3.5m (2 pane), Syncro is the biggest UPVC patio door available from any manufacturer. Additional panes increases the width possibilities even greater.

Flexible new triple-glazing option

If double-glazing just won't cut it when it comes to thermal insulation, the system can also handle triple-glazing to meet the most demanding requirements.

keeping heat where it belongs

Impressive new insulation levels

While raising the standard of patio door design, we've lowered the U-value to 1.0. Eurocell's most efficient ever when it comes to keeping heat where it belongs – inside your house.

Ground-breaking new sustainability

The Syncro system is more sustainable than any previous design, with frame composition made up of at least 40% recycled UPVC. Which means more old frames get a second lease of life in your stunning new ones.

Syncro sliding patio door
in Anthracite Grey

PATIO DOORS

Flexible new system

The flexible system allows a choice of 2, 3 and 4 pane doors and the option of added side windows. The design of your doors is only limited by the size of your property.

Smooth new soft close system

For a patio door that sounds as stylish as it looks, choose a soft close option to make a quietly understated impression.

Syncro sliding patio doors
in Anthracite Grey

no more slamming and 'bounce-back' with the new soft close feature

Door slows and closes without assistance.

Space, light & peace of mind

rest assured

You can rest assured that every aspect of a Syncro door is manufactured and presented to the highest quality, meeting the very latest strength, security and weather performance standards (PAS24, BS6375). We're 100% confident that our doors can handle the toughest of environments and most stringent regulations, so we also include a full 10-year profiles guarantee on all Syncro products.

Space, light and luxury living, all in a new system that's moved with the times to meet the latest design and performance demands. In Syncro, it all comes together beautifully.

The finishing touch

Your patio door isn't quite finished until you've selected the right furniture to complement its style. So our high-quality door furniture is available in a range of colours to improve and enhance their surroundings.
